

Define Problem Statements

Project: OptiCrop: Smart Agricultural Production Optimization Engine
Prepared by: Jahnavi

PS	I am	I'm trying to	But	Because	Which makes me feel
PS-1	Farmer	Choose best crop	Weather varies	Soil & prices uncertain	Confused
PS-2	Farmer	Increase yield	Traditional methods fail	Lack of data	Worried
PS-3	Officer	Advise farmers	Different conditions	Limited insights	Challenged
